

Amendment to the E-Government act of 2002

1. The E-Government Act allows parties to file documents containing personal identifiers under seal without leave of Court. Our court requires the attorney/party to file a redacted copy for the public record along with the sealed copy.

The Amendment gives the filer an additional option to comply with the E-Gov Act. They may now:

"file a reference list under seal. The reference list shall contain the complete personal data identifier(s) and the redacted identifier(s) used in its (their) place in the filing. All references in the case to the redacted identifiers included in the reference list will be construed to refer to the corresponding complete identifier. The reference list must be filed under seal, and may be amended as of right. It shall be retained by the court as part of the record."
